EXCELLENCE IN WRITING

EXCELLENCE IN WRITING (EIW) PROGRAMME

Our Excellence In Writing programme effectively equips students with creative writing techniques, literacy skills and a wide range of vocabulary to achieve writing mastery. The programme aims to expose students to the nuances of language and various literary devices. The writing skills are methodically imparted to the students via a series of structured skills-based exercises and writing activities.

It adheres to the PSLE format for Continuous Writing and empowers students to perform well in examinations.

In this programme, students will:

- ✓ Acquire creative writing techniques and literacy skills
- ✓ Acquire advanced thematic vocabulary words and expressions
- ✓ Apply the writing and language skills to write a full-length composition every week
- ✓ Learn to edit and refine their work independently through weekly error analysis exercises
- ✓ Receive personalised feedback for every written composition to hone their writing skills

APPLY FOR OUR
EXCELLENCE IN WRITING TODAY!

Limited vacancies are available on a first-come-first-served basis. Please speak with our customer service staff for more details.
